INTERCULTURAL LEARNING EXPERIENCES

Erasmus+ Virtual Exchange

is a groundbreaking project to allow youth in

Europe and the Southern Mediterranean

to engage in meaningful intercultural learning experiences as part of their formal or non-formal education.

What is Erasmus+ Virtual Exchange?

Erasmus+ Virtual Exchange is a groundbreaking project enabling youth in Europe and the Southern Mediterranean to engage in meaningful intercultural experiences online, as part of their formal or non-formal education.

Erasmus+ Virtual Exchange is part of the Erasmus+ programme, providing an accessible, ground-breaking way for young people to engage in intercultural learning. Working with Youth Organisations and Universities, the programme is open to any young person aged 18-30 residing in Europe and the Southern Mediterranean.

Through a range of activities, Erasmus+ Virtual Exchange aims to expand the reach and scope of the Erasmus+ programme through virtual exchanges, which are technology-enabled people-to-people dialogues sustained over a period of time.

This flagship programme is established under a contract with the Education, Audiovisual and Culture Executive Agency, financed by the European Union's budget, and it is implemented by a consortium composed of Search for Common Ground, Anna Lindh Foundation, UNIMED, and Sharing Perspectives Foundation, in association with Soliya, UNICollaboration, Kiron Open Higher Education, and Migration Matters.
