

MSCA ITN Infoday

4 September 2018

UiS, Kjølvs Egelands hus, room E-164

Want to recruit PhD candidates? MSCA Innovative Training Network gives you a chance!

Marie Skłodowska-Curie Innovative Training Network (ITN) is a joint research training and doctoral programme. It is a perfect choice for researchers who want to recruit talented PhD students into their research teams, establish international and intersectoral cooperation, conduct high quality research and work on the doctoral training. In our infoday, Per Magnus Kommandantvold and Berit Sundby from the Research Council of Norway (RCN) will tell about the possibilities in the ITNs, structure and types of ITNs, requirements for the applications and evaluation criteria. UiS researchers will share their experience in being a partner and a coordinator in the ITN. You will also have a possibility to have an individual meeting with the representatives from the RCN.

9.45-10.00	<i>Registration.</i>
10.00-10.05	Welcome. Kyrre Ås, Leader of the EU R&I Unit
10.05-12.05	MSCA ITN. Possibilities, requirements, application and evaluation. Per Magnus Kommandantvold, Berit Sundby Avset, National Contact Points, The Research Council of Norway (RCN)
12.05-12.20	<i>Coffee break</i>
12.20-12.35	Being a partner in ITN. UiS experience. (TBC)
12.35-13.00	ITN in practice. Experience with RUNNIN project. Rune Fitjar, RUNNIN project coordinator, UiS
13.00-13.30	<i>Lunch</i>
13.30-14.30	Individual meetings with NCPs from RCN
